SCHEDULE L-R: LIQUIDITY REPORT

1. *Remaining Maturity Schedule:* This schedule requires manual input; "Totals" are automatically calculated. Enter investments, loans, shares, and borrowings in the schedule according to the remaining days to legal or contractual maturity. Record settlement loans repaid immediately and ongoing, which have no legal maturities in the 2-30 days bucket. Non-perpetual Capital Accounts (NCA) generally should be entered in the > 3 years maturity bucket. However, NCA and Membership Capital Accounts (MCA) under notice should be entered based on the remaining days to the distribution dates. Enter CUSO investments in the > 3 year bucket.

The Totals of the "Investment" column must agree with the amount listed on Schedule A-3: Investments, TOTAL INVESTMENTS (less Derivative Contracts). The Totals of the "Loan" column must agree with the amount listed on Schedule A-2: Loans, "TOTAL LOANS." The Totals of the "Share" column must agree with the amount listed in Schedule L-2: Shares, "TOTAL SHARES." The Totals of the "Borrowing" column must agree with the amount listed in Schedule L-1: Liabilities "TOTAL BORROWING." If any of the aforementioned columns do not agree as stated above, a critical error message will appear.

2. *Liquidity Commitments:* This is a manual input schedule except for the "Totals," which are automatically calculated. Explanations of the columns are:

Contractual Amount - List total amount committed under contract;
Outstanding Amount - List total amount of that commitment executed to date.

For example, a corporate has a contractual commitment to purchase \$10 million in participation loans and have purchased \$2 million of that commitment. The contractual and outstanding amounts would be \$10 million and \$2 million, respectively. If contractual amounts are not applicable, enter internal policy limit amount. If neither the contractual nor the internal policy limit amounts apply, enter zero or leave blank; and Last Test Date - Enter the most recent of: actual draw, test draw, or contract establishment or revision.

- a. Inflows (In cases where there are no contractual amount, leave blank):

- Advised/revocable lines of credit - Enter amounts of advised lines of credit.
- Committed/irrevocable lines of credit - Enter amounts of committed lines of credit.
- Commercial paper lines - Enter amounts of commercial paper program lines.
- Medium-term notes - Enter amounts of medium term program lines.
- Federal funds lines - Enter amounts of Federal Funds lines.
- Repurchase agreement lines - Enter amounts of repurchase agreement lines.
- Federal Home Loan Bank lines - Enter amounts of Federal Home Loan Bank lines.
- Other inflows - Enter amounts of inflows not included above.

- b. Outflows:

- Advised/revocable lines of credit - Enter amounts of advised lines of credit.
- Committed/irrevocable lines of credit - Enter amounts of committed lines of credit.
- Loan participate commitments - Enter amount of commitments to participate in a loan.
- Irrevocable stand-by letters of credit - Enter amounts of irrevocable stand-by letters of credit.
- Forward commitments to purchase an asset or perform under a lease package - Report the total amount of all known future commitments to purchase an asset (except for loans that are already listed) or perform under a lease package.
- Other outflows - Enter any other commitment outflows that are not listed above.

3. *Effective Weighted Average Life (WAL) of Assets:* Report the WAL of the credit union's financial assets consisting of cash, investments, and loans, excluding derivative contracts and equity investments, in accordance with Section 704.8(f) of the NCUA Rules and Regulations.

SCHEDULE A-3B: INVESTMENT CONCENTRATION LIMITS

Investments by Sectors

Line items 1 through 11— Report for each investment sector, the respective information in the following columns:

- Book Value (BV),
- Fair Value (FV),
- Weighted Average Life (WAL), and
- AWAL, and Duration (Effective Duration).

The remaining shaded columns are automatically calculated and no input is necessary.

At the bottom of the columns for WAL, AWAL, and Duration (under "TOTALS), you should input the results for the combined investments recorded in each of the 11 investment sectors. In most cases, the total investment WAL reported on Schedule A-3B should equal the Investment WAL reported on Schedule LR line 4. Do not include cash and Federal Reserve Bank Master Account balances in the investment sector concentrations.

The "&" reference on Schedule A3-B is only intended to direct you to §704.8(f) of the NCUA Rules and Regulations for additional information related to the WAL of financial assets.

SCHEDULE A-3C: INVESTMENT ISSUER CONCENTRATION LIMITS

This schedule is a matrix schedule containing 12 columns, A through L, and 15 rows with line item numbers 1 through 15.

Column A - Report the corporate's 15 investment obligors and/or counterparties with the highest balance (concentration) at the end of the month. If there are less than 15, list all of the obligors and counterparties. **Whenever possible, use abbreviations. For example, abbreviate Fannie Mae as FNMA and Ginnie Mae as GNMA.**

Column B - Report the current amount of concentrations the corporate has that are exempt pursuant to 704.6(b) -- for each of the 15 obligors and/or counterparties listed.

Column C - Report the current amount of concentrations the corporate has that are subject to 704.6(c) -- for each of the 15 obligors and/or counterparties listed. Individual totals in column C (number 1 through 15) are entered pursuant to the limitations prescribed in 704.6(c).

Column D - Report the current amount of concentrations the corporate has that are subject to the \$5 million limitation for each of the 15 obligors and/or counterparties listed. These individual amounts, compared to \$5 million, alert the corporate to how close it is to the regulatory maximum.

Column E - Report the current amount of concentrations the corporate has that are subject to the 25 percent of capital limitation for each of the 15 obligors and/or counterparties listed. These individual amounts, compared to the 25 percent of capital auto calculated in column F, alerts the corporate to how close it is to the regulatory maximum.

Column G - Report the current amount of concentrations the corporate has that are subject to the 50 percent of capital limitation-- for each of the 15 obligors and/or counterparties listed. These individual amounts, compared to the individual amounts auto calculated in column H, alerts the corporate to how close it is to the regulatory maximum.

Column I - Report the current amount of concentrations the corporate has that are subject to the 100 percent of capital limitation-- for each of the 15 obligors and/or counterparties listed. These individual amounts, compared to the individual amounts auto calculated in column J, alerts the corporate to how close it is to the regulatory maximum.

Column K - Report the current amount of concentrations the corporate has that are subject to the 200 percent of capital limitation-- for each of the 15 obligors and/or counterparties listed. These individual amounts, compared to the individual amounts auto calculated in column L, alerts the corporate to how close it is to the regulatory maximum.

Columns F, H, J, and L (the shaded columns) are auto calculated and locked; therefore, no input is required.

"TOTALS," under columns B, C, D, E, G, I, and K are auto calculated and locked; therefore, no input is required.

A warning message will occur if the sum of columns D, E, G, I, and K do not agree with column C.

SCHEDULE C-2: RISK-WEIGHTING

This schedule collects risk-weighted asset information and calculates capital and risk-based ratios. The schedule collects both balance sheet and designated off-balance sheet information as illustrated below:

Balance Sheet Categories

Column A: This column is shaded and “locked.” Items 1 through 9 listed below flow directly from Schedule SFC; no input is necessary. The categories are as follows:

1. Cash & Balances Due;
2. Loans-Net;
3. Total Securities Held-to-Maturity;
4. Total Securities Available for Sale;
5. Total Securities in Trading Portfolio;
6. Total Non-FASB 115 Investments;
7. Derivative Contracts;
8. Fixed Assets- Net; and
9. Accrued Income and Other Assets.

Columns B through F: These columns require manual input. Enter the dollar amount or dollar allocation of the individual balance sheet items list in Column A by the appropriate risk-weight category pursuant to Appendix C of NCUA Rules and Regulations, Part 704. For each category, columns B through F should equal the amount of column A.

Item number 10 in columns A through F (Total balance sheet items) are shaded, auto calculated, and locked. No input is necessary.

Note: A critical error will appear if the sum of line-item 10 (columns B through f) does not agree with line-item 10, column A.

Off-Balance Sheet Categories

Columns A and B, Items numbers 11 through 18: These columns require manual input. For each item listed in numbers 11 through 18, enter the “face value or notional amount” in column A; and the “Credit Conversion Factor” in column B. When entering the credit conversion factor, enter a decimal point first; for example, 10 percent would be entered as .10.

Column C: This column is shaded, auto calculated, and locked; therefore, no input is necessary. This column “Credit Equivalent Amount” is automatically computed by multiplying the “face value or notional amount” by the “Credit Conversion Factor.”

Columns D through H, line-items numbers 11 through 18: These columns require manual input. Enter the dollar amount or dollar value allocation of the individual off-balance sheet items listed in Column C (credit equivalent amounts) by the appropriate risk-weight category pursuant to Appendix C of NCUA Rules and Regulations, Part 704.

Total Off-Balance Sheet Items: Line- item number 19,” (shaded cells) are auto calculated and locked; therefore, no input is necessary.

Note: A critical error will appear if the sum of line-item 19 (columns D through H) does not agree with line-item 19, column C.

Off-balance sheet line items 20 – Total assets and off-balance sheet items by risk-weight category, 21 – Risk-weight factor, 22 – Risk-weight assets by risk-weight category, and 23 – Total risk-weight assets are shaded, auto calculated, and locked; therefore, no input is necessary.

Schedule C-2 Instructions continued from page 45

Capital Amounts

The line items listed below are shaded, auto calculated, and locked; therefore, no input is necessary.

- 24 – Tier 1 capital dollars,
- 25 – Tier 2 capital dollars,
- 26 – Total Capital.

Capital Ratios

The line items listed below are shaded, auto calculated, and locked; therefore, no input is necessary.

27 – Tier 1 Capital Ratio: Is derived by dividing “Tier 1 Capital” amount from Schedule C-2 by the twelve month moving daily average net assets (DANA) from Schedule M-2.

28 – Permanent Leverage: Applies after October 21, 2013 and is the ratio of adjusted core capital to moving daily average net assets.

29 – Tier 1 Risk-Based: Is derived by dividing “Adjusted Core Capital” amount from Schedule C-2 by “moving monthly average net risk-weighted assets (MMANRA) from Schedule M-2. This outcome automatically flows to Schedule C-1, line-item 2e.

30 – Total Risk-Based: Is derived by dividing “Total Capital” amount from Schedule C-2 by MMANRA from Schedule M-2. This outcome flows to Schedule C-1, line-item 2f.

The second page of C-2 lines 1 to 7 include the capital dollars and figures used prior to June 2015 and is provided for historical reference purposes. No input is needed.

SCHEDULE PSI: PAYMENT SYSTEMS INFORMATION

Report payment systems information relevant to the services offered by the corporate.

Automated Clearing House (ACH)

ACH originations, receipts, and returns should be for your corporate's activities only (those transactions processed on your RT Number).

Origination: Enter the total number and dollar amount of monthly transactions originated by the corporate. Transactions originated by the corporate are those ACH transactions originated on the corporate's routing and transit (RT) number. Activity of this type is usually for the corporate (payments to vendors, employees, settlement funding, etc.), on behalf of corporate entities such as CUSOs, or for members that cannot originate their own activity on their RT number. Transactions should be reported as the total number of debits plus credits. For example, 50 debit transactions plus 100 credit transactions for a total transaction count of 150 transactions. In the "Amount Columns," debits and credits should be netted. For example \$100 in debits plus (\$50) in credits is a net debit amount of \$50.

Receipt: Enter the total number and dollar amount of monthly transactions received by the corporate. Transactions received by the corporate are those ACH transactions received on the corporate's RT number. Activity of this type may include incoming dividend or interest payments. Transactions should be reported as the total number of debits plus credits. For example, 50 debit transactions plus 100 credit transactions for a total transaction count of 150 transactions. In the "Amount Columns," debits and credits should be netted. For example \$50 in debits plus (\$150) in credits is a net credit amount of (\$100).

Returns: Enter the total number and dollar amount of monthly transactions returned by the corporate. Transactions frequently returned by the corporate are those ACH transactions received on the corporate's RT number that are actually receipt transactions for their member credit unions. Corporates typically initiate a notification of change identifying the correct RT number and return the transaction. Transactions should be reported as the total number of debits plus credits, as previously instructed. In the "Amount Columns," debits and credits should be netted, as previously instructed.

Settlement: Enter the aggregate of ACH activity settling through the corporate. Reported settlement activity is a total of the corporate's ACH transactions plus its members' transactions (originations, receipt, returns, adjustments, etc.) for which dollar settlement occurs at the corporate. Transactions should be reported as the total number of debits plus credits, as previously instructed. In the "Amount Columns," debits and credits should be netted, as previously instructed.

Funds Transfer

Domestic Third-Party: Enter the total number and dollar amount of domestic, third-party funds transfer orders originated by the corporate on behalf of its members, CUSO's, or other organizations. This activity can be originated through the Federal Reserve Bank, another financial institution (bank or credit union), or other money transfer service such as Western Union, etc. Do not include funds transfer orders originated for the corporate itself such as settlement, investment, payments, etc. Transactions should be reported as the total number and dollar amount of domestic third-party funds transfer orders successfully processed. Wires cancelled or returned the same day due to incorrect or insufficient information may be omitted or netted out of the total number and dollar amount of transactions processed.

International Third Party: Enter the total number and dollar amount of international, third-party funds transfer orders originated by the corporate on behalf of its members, CUSO's, or other organizations. This activity may be originated through the Federal Reserve Bank, another financial institution (bank or credit union), or other international money transfer service such as MoneyGram, Western Union, Edge, etc. Transactions should be reported as the total number and dollar amount of international third-party funds transfer orders successfully processed.

Wires cancelled or returned the same day due to incorrect or insufficient information may be omitted or netted out of the total number and dollar amount of transactions processed.

Incoming Third Party: Enter the total number and dollar amount of incoming, third-party funds transfer orders received by the corporate on behalf of its members, CUSO's, or other organizations. This activity may be received through the Federal Reserve Bank, another financial institution (bank or credit union), or other money transfer service (IRnet, MoneyGram, etc.). Transactions should be reported as the total number and dollar amount of incoming third-party funds transfer orders received. Transfer orders returned the same day due to incorrect or insufficient information may be omitted or netted out of the total number and dollar amount of transactions processed.

Settlements: Enter the aggregate of funds transfer orders settling through the corporate. Reported settlement activity is a total of the corporate's transactions such as settlement, funding, investment transfer orders, etc. plus its member transactions. Transactions should be reported as the total number and gross dollar amount (outgoing domestic third-party, outgoing international third party, incoming third-party, incoming corporate wires, plus outgoing corporate wires).

Check Processing

Report monthly check processing data for the corporate if it offers item processing services in-house or via a third-party service provider for whom the corporate has a direct servicing relationship. For example, if the corporate owns and operates their own in-house item processing service or contracts directly with a third-party service provider, which could be another corporate, report check processing data. If the corporate facilitates item processing for their members via a referral to a preferred third-party provider and does not receive statistical data regarding number and types of transactions processed, report only settlement totals, if available. If multiple services/providers are used for item processing, consolidate information to report one total per category.

"Check Processing (Paper & Electronic)" statistics should include both domestic and international transactions, as appropriate.

Deposit Services – Enter the total number of items and dollar amount of check deposits presented for collection and processed by the corporate (or the corporate's service provider) on behalf of the corporate and/or its members.

Share Draft Clearing – Enter the total number of items and dollar amount of corporate and member share drafts presented and processed for payment.

Returns Process – Enter the total number and dollar amount of corporate and member share drafts returns processed.

Settlement Only – Enter the total number and dollar amount of settlement activity for those member credit unions that use a third-party processor for check processing (deposit or share draft clearing) but direct the settlement dollars to their corporate account.
